

Amendments to the Summary of the Invention

Please replace paragraph [0003] with the following amended paragraph:

[0003] ~~This~~ A new laminated glass messaging / signage device that
~~can assist~~ be used alone or with other neon gas tubing sign and
other glass signs in the future. ~~It can be~~ Installed when glass is
being manufactured to make window glass for any type of business
or homes. ~~It will be installed on the inside of the~~ Sandwiched
between first layer of glass, ~~covered by the~~ and second layer of
glass with a wire connection attach to glass. This new device could
be made of an illuminate film it will be activated by a microchip;
~~inverter or (?)~~ / program chip to display manes different type of
phrase and a wire connection lamine inside glass and
powered by a ~~power outage~~ electric current. Using this device you
can illuminate any letters and numbers ~~from inside or~~ between
glass. ~~The words open and close will~~

~~illuminate inside window glass by using one of these~~

~~illuminate films.~~ Just imagine, your home can be found easier by an ambulance, fire department, patrol car, cab driver, repair person and delivery person can depend on illuminate signs at day or night.

Businesses can ~~advertisement different phrase inside of windows glass, using the illuminate film~~ input various advertisement messages. ~~via with this device.~~

SUMMARY OF THE INVENTION

[0003] A new laminated glass messaging / signage device that can be used alone or with other neon gas tubing sign and other glass signs in the future. Installed when glass is being manufactured to make window glass for any type of business or homes. Sandwiched between first layer of glass and second layer of glass with a wire connection attach to glass. This new device could be made of an illuminate film it will be activated by a microchip / program chip to display manes different type of phrase and a wire connection laminate inside glass and powered by a electric current. Using this device you can illuminate any letters and numbers between glass.

Just imagine, your home can be found easier by an ambulance, fire department, patrol car, cab driver, repair person and delivery person can depend on illuminate signs at day or night. Businesses can input various advertisement messages.
